# Let's EAT!

**ONE Gas**  
EDUCATION & TRAINING AREA  
NEWSLETTER

## Celebrating a New Year for the EAT Area!

The ONE Gas Education & Training Area (EAT) officially hit the one-year mark in mid-January.

In its first year, the EAT Area welcomed nearly **1,000 people** through its doors and hosted **44 events**, including filming productions, natural gas equipment showcases, cooking demonstrations and professional development training. Check out [some photos from events](#) hosted in the EAT Area last year.

Industry partners in Kansas, Oklahoma and Texas are invited to use the EAT Area. Make a reservation today! We look forward to cooking up new memories with you in 2024!

## Acclaimed School Nutrition Specialist Visits EAT Area

Nationally recognized school nutrition specialist **JoAnne Robinett** has over 35 years of working in, managing and leading school nutrition programs. She is currently on the Board of Directors for the School Nutrition Foundation and frequently presents keynote training at national conferences. Recently, she presented on teamwork to 50 nutrition professionals from Bixby Public Schools for their professional development day in the EAT Area.

## Blue Flame Fame: Wandering Vine — Fine Dining in a Castle

Wandering Vine is a charming restaurant in Shawnee, Kansas, offering guests a fine dining experience using fresh, seasonal food, an extensive wine selection and a unique location.

Dan and Carla Dyer opened the restaurant in the midst of the pandemic, so they understand the importance of resiliency.

"We went through many challenges during the first year of operation. The one thing that was consistent was the reliability of our natural gas service, which we heavily rely on," said Dan Dyer.

Natural gas also plays an important part in the dining room with three natural gas fireplaces creating a warm ambiance.

If you are in the Kansas City area, check out [Wandering Vine](#). Watch how they use natural gas to [prepare their steamed mussels!](#)
